Locking Key Rings

• Vinyl coated steel cables – the same used in the aircraft industry – resistant to cutting. If cut, cable is non-repairable.
• Cables are available in 3 sizes: 4", 6" and 9" loops. Key ring loops hold 10 to 50 keys.
• Retainer pins fit securely into ACE II® cylinder nested in lightweight aluminum housing. Tampering of any kind is revealed immediately.
• Easy 1/4 turn cable installation. • All units supplied with 2 keys each.
• Scratch resistant vinyl cover included.

RegulatoR

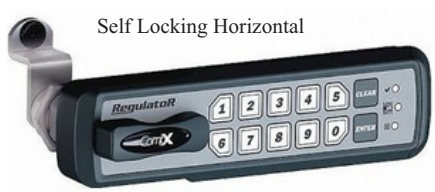
The RegulatoR is available in two versions: Self-locking and Manual locking.

Self-locking features slamcam, a spring loaded latch, which allows the user simply to close the cabinet door or drawer -- No need to return the knob to the locked position.

Manual locking version, which uses existing compx national cams, requires users to rotate the knob into the unlocked and locked positions.

Manual Locking
Vertical

Self Locking Horizontal



M = Manual S = Self-Locking L = Left Hand R = Right Hand V = Vertical

Part #	Cyl Length	Price
