Record Safes U.L. Two-Hour 1850°F Burglary Fire Safes

No home or business is safe from fire. Your vital records and possessions are only as safe as the quality of protection you provide for them.
With Gardall fire resistive safes, you can be confident your records will survive.

- Thick 4-1⁄4" door with recessed anti-pry design. Safe walls are 2-1⁄2" thick
- Five active bolts that lock in 3 directions, massive 1" diameter round bolts that extend deep into safes' body (models 1812-3018)
- Center bolt down hole with hardware included for easy installation
- Plush carpeted quality interior to protect valuables
- UL 2-hour fire label, furnace-tested to 1850°f for 2 hours.
Interior temperature of safe was less than 350°f during the test.
- UL-RSC burglary label models 1812/2 – 3018/2
- Solid chrome-plated handle with shear point to prevent the safe from being forced open by handle attack
- Independent re-locker and hardplate to prevent drilling attack on locking mechanism
- Gardall lifetime replacement warranty

Stock finish is Gray "G". Other textured finishes are available for special order.

Add 2" to outside depth for dial and handle. *Model 1612/2 not available with UL-RSC label.

1-Hour "Microwave" Safes

Gardall offers a full range of U.L. Approved fire resistive microwave style safes. These safes are made to Gardall's exact specifications and brought to you with the same care and quality you have come to expect from Gardall. Microwave style safes come with either key or electronic style locks. All fire safes have plated interlocking bolts that extend into the safe walls to prevent tampering and removal of doors. The doors are precision built of extra heavy steel, full swinging on heavy duty hinges with interlocking, tongue and groove closure on all sides of the door frame. All safes come with a center bolt down hole and hardware to anchor the safe down.

FS1612-G-E

- U.L. 350 f, one-hour fire safe label*
- Center bolt down (hardware included)
