Hager Roton continuous geared hinges are designed to provide superior performance you can rely on in high-traffic areas because they use a unique rotating joint, not a pin. This minimizes lateral wear on the hinge while evenly distributing door weight along the full length of the frame. Roton continuous geared hinges are an ideal choice for new construction or retrofit applications.

Original Hager "H1" Key Blanks

**HG3907-H1-7-Pin**
$3.17 per blank

## Half Surface

Frame leg Width 1-9/16"
