Brass Re-keyabe Pin Tumbler Padlocks

83/45 series can be used with most key-in-knob style cylinders, which allows you to re-key your padlock to match your house key. OB = zero bitted

In seconds the 83/45 converts to either a key-retaining or non-key Retaining padlock. (all it takes is a phillips head screwdriver.)
This means that in just one lock you have the instant capability to meet your customers' needs for either retaining or non-key Retaining security.
The Z-bar makes the difference.

83/45

$47.02
