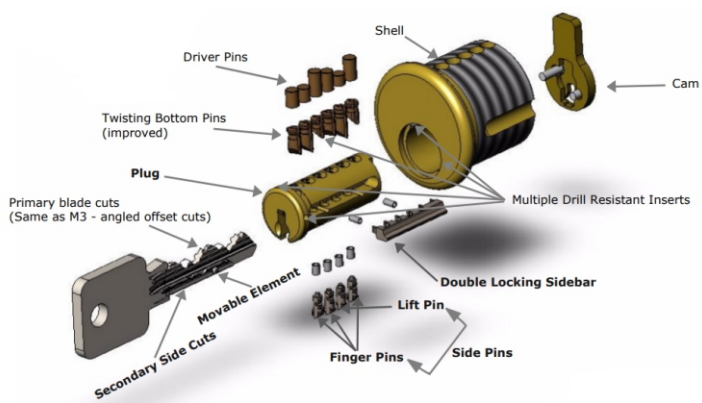
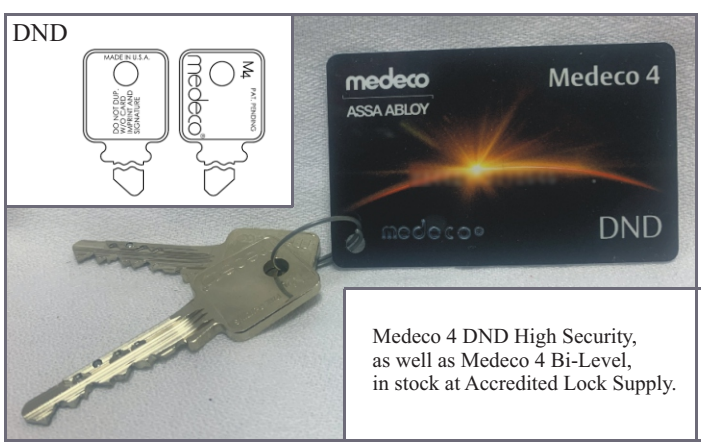
Medeco 4

Medeco 4 (M4) builds on more than 50 years of lock engineering innovation and takes security to the next level, offering the highest level of protection against physical attack and unauthorized key duplication. With more security features than any key system we've ever made, and an innovative design that helps protect against the latest threats, M4 is the newest, most advanced key system that Medeco has to offer.



M4 cylinders are ANSI/BHMA certified (pending) and UL 437 Listed high security with solid brass construction and hardened-steel inserts to thwart drilling attacks. The innovative cylinder design includes side pins and a double-locking sidebar, providing a high level of pick resistance. The side pins not only provide increased security against picking, but also greater potential combinations for unparalleled master keying capability.
M4 is patent (pending) protected to 2040, ensuring valuable and enduring protection for facility upgrades.

DND



Medeco 4 DND High Security, as well as Medeco 4 Bi-Level, in stock at Accredited Lock Supply.

Maxum Deadbolts

Deadbolts are about strength. Just hold a Medeco® ANSI Grade 1 Maxum® deadbolt in your hand, and you know this is one tough hunk of protection. Recommended for residential and business use, it's available as a single or double-cylinder or with a unique "captive thumbturn." The captive thumbturn converts the inside cylinder to a thumbturn for safe exit when the facility is occupied. A quick conversion when the facility is not occupied returns it to double cylinder mode and guards against unauthorized entry or exit. Maxum® deadbolts offer maximum protection with solid-brass construction, along with anti-drilling and anti-prying features.

- ANSI/BHMA A156.36 Grade 1 and UL437 Listed cylinders for high security
- Fits doors 1 3/8" to 2 1/2" thick
- Standard 2 1/8" crossbore and 1" edge bore (ANSI A115.13 prep)
  Specify Backset:
  2-3/8" or 2-3/4"

Commercial Finishes:
05, 06, 09, 10, 12, 24, 25, 26

Hockey Puck Padlocks

The Medeco "hockey puck" style padlocks come with hardened, solid steel bodies, a shackle-less design for the highest level of protection against bolt cutter attacks, and patent protected key control.

•Body width: 2-7/8"
• Shackle: 3/8" diameter
• 304 stainless steel body
• LFIC and key-in-knob/lever cylinders
• Requires a key to relock
• Flat-back design or step-back design

Part #	Prep		M4	M3
ME5292000 (P)	KIK/KIL	Flat Back	$234.50	$238.86

ME5292101 (P)	LFIC	Stepped Back	$234.50	$238.86

Padlocks

*Padlocks are stocked keyed (P)

The Medeco® System Series Padlock offers a high security solution for a multitude of applications and are available in two distinctive body styels, an indoor/outdoor weather resistant design or with a shrouded shackle.

Both models utilize a boron alloy steel shackle which provides protection to resist cutting and increased tensile strength to resist pulling attacks. The boron alloy steel also ensures that the shackle has an exceptional degree of ductility and is not brittle.
