

## Accredited Lock Supply

### Fire Extinguishers Pro Line

Available in ABC and BC dry chemical and carbon dioxide. All pro models feature durable aluminum and/or brass valve assemblies and metal handles and levers. Cylinders are manufactured from either aluminum or steel. The 5 lb ABC dry chemical models meet or exceed the minimum extinguisher requirements for class A & B light and ordinary hazard occupancy as recommended by the national fire prevention association (NFPA). While the 10 lb and 20 lb ABC dry chemical models meet or exceed code for class a & b extra hazard occupancy.

Suitable for use on class a (trash, wood & paper), class b (liquids & gases) and class C fires (energized electrical equipment). The pro 5 MP unit is fitted with a pressure gauge that provides at-a-glance status, is manufactured from lightweight aluminum and a tough metal valve assembly.
