ASSA ABLOY

NORTON RIXSON LOW ENERGY OPERATOR TECHNICAL TRAINING

This course covers the proper installation and programming steps for our Norton Rixson family of low energy operators. You'll learn the differences in features and types of low energy operators, how to select the appropriate operator for your application and how to program a variety of low energy operators. In addition, we'll cover the general function of electromechanical and electrohydraulic operators, installation and adjustment, pricing, and ordering.

This course is designed for anyone who sells and installs power operators

DETAILS:

Instructor: Mike Strickland
Date: 8/7/2024
Time: 10:00 am - 12:00 pm
