Start At 8:30am

Adams Rite Basics Workshop Students learn to master the essentials of Adams Rite hardware for aluminium storefront entrances. Through hands-on practice with desktop mounts, students will repetitively install Adams Rite deadbolts, latches, and push/pull paddles. Dive into disassembling Adams Rite 4500 and 4900 series locksets along with the 4591 paddle for changing handing. Gain expertise in router operation and the precise installation of Adams Rite 4900 locksets and 4591 paddles within aluminium channels. By the end of the course, students will excel in router usage and the seamless installation of Adams Rite hardware
