ASSA ABLOY SFIC Pinning Class

Join us for an intensive 1-day course where you'll delve into the intricacies of key labelling in a masterkey system using the BHMA blind-code, gain insights into SFIC cylinder specifications, formulate pinning specifications and master key various SFIC cores.

This intermediate level course is tailored for locksmiths, systems integrators, and MSCs looking to enhance their expertise in key system design, analysis, and manipulation. Elevate your understanding of SFIC key systems and optimize security configurations with our comprehensive training program.
