Accredited Lock Supply®

ABUS

Security Tech Germany

05.
20

Two-hour hands-on training focused on the ABUS 83 Series padlock. Participants will disassemble and rebuild the 83 Series, gaining practical, expert-led instruction.
The ABUS 83 Series features a solid brass, corrosion-resistant design with interchangeable cylinders, allowing the 83/45 to be keyed into existing systems using ABUS door cylinders.
